The Series Summary:

God the Father worked through God the Son to create all things; then, to take away the sin of the world. The Son was always obedient to the will of the Father; His obedience honored the Father and blessed us both now and forever! Now, *since we know Jesus*, He is both our Savior and our Lord! Therefore, wherever we have fallen short or honoring Him in the past, let us repent and rejoice in God's forgiveness! Then, going forward, let us honor Jesus *in every area of our lives!*
